Otsuka Corporation

Mission Statement

Mission

OTSUKA CORPORATION serves a wide range of companies, providing comprehensive support for their business activities by presenting, within a concrete framework, new business opportunities and management improvement strategies brought about by innovations in information and telecommunication technology. By so doing, we continue to facilitate the growth of our client companies and contribute to the development of our country and the creation of a spiritually enriching society.

Goals

- To become a corporate group that is recognized and trusted as a valuable corporate citizen.
- To encourage employee growth and self-realization through the attainment of personal goals and professional achievement.
- To demonstrate harmonious coexistence and growth with nature and society.
- To create business models that consistently keep pace with the changing times.

Principles

- Always thinking from the customer's perspective and acting through harmonious team work.
- Maintaining the spirit of challenge inherited from our predecessors, exercising our own critical judgment, and acting on our own initiative.
- Fully complying with all prevailing laws and regulations, and maintaining high ethical standards.

Otsuka Corporation

Energize Your Office with IT

Since its foundation in 1961, OTSUKA CORPORATION has guided companies in their computerization efforts while improving productivity and reducing costs through information technologies. We provide one-stop solutions and one-stop support by combining a diverse array of IT equipment to meet the office requirements of our customers.

The Mission Statement of the OTSUKA CORPORATION Group represents an internal and external declaration of the social role, responsibility and raison d'être that constitute our mission, the goals we aspire to achieve and the principles we adhere to in our daily activities. In accordance with the Mission Statement, we propose optimal integrated systems and comprehensive solutions to energize your office with IT, while always adopting the customer's perspective in response to the trust placed in us. We also seek to be a progressive enterprise that is integral to the creation of a spiritually affluent society by actively embracing harmony with society and nature as a top management priority.

Maintaining close customer relationships and living up to their expectations are the keys for growing with our customers and the context for one of our major corporate goals: constantly transforming the OTSUKA CORPORATION Group in order to earn public recognition and respect as an enterprise based on the principle "The Customer First." This has been our corporate stance from the very beginning and expresses the same spirit of challenge as a proud corporate tradition.

Throughout these commitments and initiatives, we are grateful for the strength, vision and encouragement of our customers.

Yuji Otsuka

President & Chief Executive Officer

History

- 1961 Start of business in Akihabara and registration as a joint-stock company
- 1965 Opening of the Osaka Branch (now the Kansai Office)
- 1968 Completion of a head office building in Suidobashi

Offering solutions at the forefront of change that enable customers to boost productivity, reduce costs, contribute to society and protect the environment

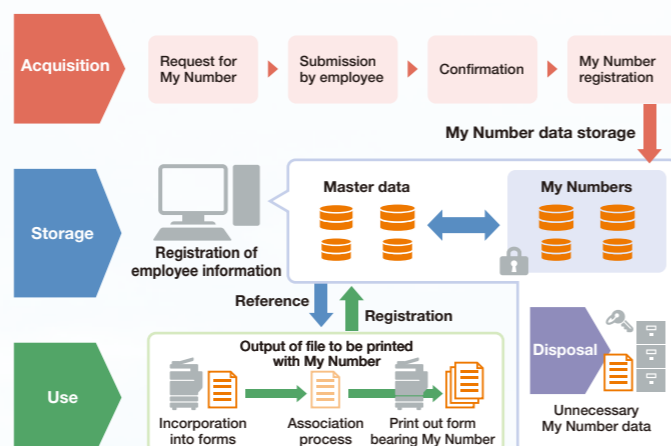

System Integration “Raku-Raku My Number” solution for secure, effective management

This corporate consultation solution supports the use of the My Number system, encompassing every aspect of its operation, from acquisition, storage, usage and disposal to security and training support. At the same time, workload associated with My Number is reduced, thereby contributing to greater operational efficiency.

Raku-Raku My Number Handling System

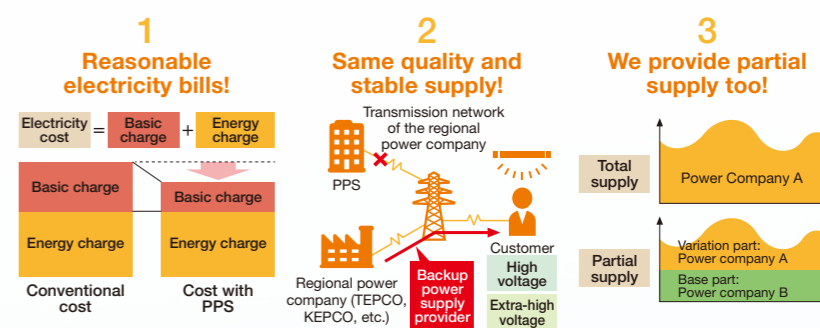

This integrated management system for companies encompasses all My Number processes, from acquisition to disposal. An associated MFP can be used to print out scanned handwritten forms bearing My Number data associated with the employee's master record. Separating the various My Number processes can reduce the workload of the person in charge of My Number, with no impact on the current general clerical workflow. The system has obtained a patent as a system for automatically assigning confidential information.

Closely monitoring information technology (IT) trends makes it possible for us to consistently identify potential advantages for the business sites of our customers. We actively apply our accumulated expertise to social initiatives that revitalize communities. We also propose and implement solutions and services packaged to fully leverage cutting-edge IT in order to enhance management quality.

Reviewing energy conservation efforts by visualizing electricity use and taking advantage of PPS and IT solutions

Our electricity service provides customers with stable power supply at a lower price than before while maintaining quality through the introduction of services from a power producer and supplier (PPS). We also offer an energy-saving solution by combining effective IT, such as BEMS and LED lighting controls, for electricity cost reduction.

We provide these services as an agency for GLOBAL ENGINEERING Co., Ltd.

LED lighting control solution

Simple construction work enables users to automatically switch off all LED lighting at a preset time. Frequent on/off switching by area is also possible by setting up links with wireless remote control switches.

BEMS for visualizing electricity use

This system allows for efficient management and automatic control of an entire company's electricity use. It curbs maximum power demand to prevent basic charge increases. The ASP-type system facilitates centralized control of multiple stores.

Social Contribution Efforts for the environment (Our 50th anniversary projects)

We have undertaken a number of projects to commemorate our 50th anniversary in July 2011. As our primary contribution to environmental protection, we planted trees and installed LED streetlights in parks in regions across Japan.

“TANO-kun Forest” overseas reforestation activities

In the Brazilian state of Amapá, we planted 170,000 Tasmanian blue gum trees over 150 hectares in the Macapá savanna. These trees are used as raw material for paper.

Soon after the planting (December 2011)

By adopting the customer's perspective, we can propose and deliver optimal solutions for diverse office needs.

An office is like a living organism in that it faces new challenges every day. OTSUKA CORPORATION serves a wide diversity of corporate customers engaged in a variety of business areas, from major enterprises to small and medium-sized firms. We provide customized solutions for the divisions of different types of companies and are driven by the desire to quickly share the wealth of experience we have gained from a long and proven track record. With the view that no problem is too small, we are capable of helping nearby divisions or remote offices in countless ways.

The right solution for any customer need lies in our comprehensive System Integration and Service & Support offerings.

Since our founding, we have produced one solution after another to address customer needs by harnessing the full value of current IT, free from the constraints of conventional business domains. We have consistently adopted the customer's perspective to develop these solutions, and our System Integration and Service & Support businesses represent the culmination of these efforts. Moreover, with the ongoing advances in IT and the changing demands of customers, both businesses are constantly evolving. In our hands we hold the solutions that customers seek.

System Integration

We create information systems that enable the customer to enhance productivity and reduce costs through an optimal combination of network infrastructure, servers, PCs, mobile devices, multifunction machines and software developed by different companies.

System Integration

-  **Consulting (analysis of tasks, operations)**

-  **Software and Systems (planning, design, development)**
 - ▶ ERP / Industry- and operation-specific software
 - ▶ CAD / Construction, manufacturing
-  **Information systems / Groupware, workflow**
-  **Document management, data utilization**

-  **Networks (communication, Internet)**
 - ▶ Data transmission / Teleconferencing, wireless LAN, VPN, mobile data transmission
 - ▶ Communication line service / Voice communication, mobile phones

-  **Security (information leakage, BCP)**
 - ▶ Antivirus, email security, procedural measures
 - ▶ Contingency planning
 - ▶ Data backup

-  **Hardware (introduction and installation)**
 - ▶ Multifunction machines, copiers, printers
 - ▶ PCs, peripherals
 - ▶ Servers, storage
 - ▶ LED lightning, BEMS
 - ▶ Smart devices

Service & Support

We provide services that support businesses in every aspect and situation, including mail order office supply sales, support and trouble-shooting during system construction, operational management and information system analysis.

tanomail

Corporate mail order shopping service for office supplies

Mail order shopping service for nursing care products

Personal mail order shopping service

tayoreru

Hardware and Software Maintenance

- ▶ Monitoring service
- ▶ Onsite support
- ▶ Data recovery

Telephone Support

- ▶ Remote support
- ▶ Contact point for repairs

Support for Business Operations

- ▶ Operational support, educational support, back office support

Outsourcing

- ▶ Web service
- ▶ ASP service

MULTI-VENDOR

MULTI-FIELD

Creating information systems by tackling business challenges at the side of our customers

We support customers by providing comprehensive, one-stop solutions that lead to successful businesses, from constructing IT infrastructure linking information devices, communication equipment and networks to selecting software that corresponds to their business type, scale and operations, as well as designing, developing and constructing the systems.

- Multi-vendor, multi-field response
- Single contact point for multiple solutions
- Comprehensive solutions from the customer's perspective

■ Consulting

After a solid review of the customer's business, we support each field with reasonable system operations that deliver material results.

- Consulting on internal controls
- BEMS (Building Energy Management System)
- Management support services

■ Software and Systems

We draw on our abundant experience to develop and deliver systems and groupware for businesses and operations.

- ERP
- CAD
- Groupware
- Workflow
- Document management
- BI

■ Security

We provide airtight protection against invisible threats and create a secure office environment in which customers can do their work safely.

- Protection against unauthorized access
- Protection against computer viruses
- Data backup
- Prevention of information leakage
- BCP (Business Continuity Plan)
- Data erasure

■ Hardware

We respond to customer needs with a multi-vendor approach that is not dependent on products offered by any one specific maker, together with a multi-field approach that encompasses the entire spectrum of IT equipment.

- Servers
- PCs
- Multifunction machines, printers
- Network equipment
- Peripheral equipment
- Smart devices

■ Network

We fully upgrade customer business communications by reviewing network environments, including phones, and provide just the right services to create an integrated IP environment.

- VPN service
- IP communication service
- Mobile solutions

■ LED Lighting

We offer an extensive range of effective LED lighting options for reducing electricity use in offices, warehouses, factories and shops.

- Incandescent and halogen lamp type
- Fluorescent light type
- Mercury lamp type
- Explosion proof lighting
- Floodlights
- Exterior wall lighting and street lighting

Optimal solutions for every line of business

Manufacturing	Publishing / Printing	Construction
Apparel / Jewelry	Food products	Retailing / Merchandising
Raw materials	Service	Distribution
Public institutions / Industry associations	Local government / Extra-governmental organizations / Schools	Medical, welfare and nursing care institutions

Service & Support

tanomail

“tanomail” reliably meets all of your office needs and offers very quick delivery.

A broad range of products from office supplies and everyday items to nursing care products are available through the “tanomail” mail order service. We provide quick solutions to meet the needs of every customer, both corporate and individual.

■ Reduced customer procurement costs

■ Fast transport network expedites the “tanomail” service

■ tanomail

Mail order service for office supplies

This mail order service for corporate customers delivers office goods and services. In addition to stationery, PCs, tools, daily items and office equipment supplies, offerings also include environmentally friendly products and TANOSEE private brand goods.

As of October 2016

■ Personal tanomail

Mail order service for individual customers

Through this service, customers can use the many products offered by “tanomail” at home or at work. In addition to stationery, office supplies and other miscellaneous goods, we provide for the daily living needs of customers with food products and daily necessities.

■ Care tanomail

Mail order service for nursing care products

“Care tanomail” provides nursing care products under the concept of “offering backup for everyone involved in nursing.” This always reliable service is available for both individual and corporate customers, delivering the same high level of quality inherent in “tanomail.”

■ MA tanomail

Procurement support service

This service uses the “tanomail” service to facilitate corporate purchasing, including division-by-division order management and approval functions. Purchasing parameters can be set according to the purchasing rule of the company.

■ Logistics

Our system consists of logistics and distribution centers strategically located across the nation and connected by a transportation network. We control inventory levels to maintain optimal volume at all times and thereby minimize contingency risks.

What is “tanomail”?

“tanomail” is a service through which we deliver stationery, daily supplies, PCs and peripheral products in a timely manner to corporate customers as well as stationery, daily supplies and other necessities to individual customers. The several services we offer cater to each customer, and required items are delivered on time.

“tayoreru” provides quick solutions to customer needs as a reliable, one-stop service.

We provide one-stop support for information system operations and management as well as corporate activities in general with hardware and software maintenance, managed network services and outsourcing services.

- Entire support menu covered by our in-house system
- Reliable IT operations and management
- Labor savings based on a review of business operations

What is “tayoreru”?

“tayoreru” is a collective term for the service and support offerings that comprehensively support and utilize IT in a company’s various operations, including general affairs, human resources, accounting, and information systems.

■ IT Support

Our comprehensive support of IT operations and management, including system maintenance and safekeeping of installed equipment, and the provision of Internet services.

- IT support service
- Internet service
- Security service

■ Business Support

We provide a variety of services to reduce customer workload in addition to services for human resource development.

- Business support service
- Human resource development support

■ Support System

We are always fully prepared to support our customers, responding with flexibility and care based on our people-centered approach as well as robust, highly functional facilities.

tayoreru Management Service Center

We monitor customer systems on a 24/7 basis. In the event of an emergency, the center supports customers with optimal solutions.

International certification for information security management

Data centers

We protect our customers’ valuable systems at data centers equipped with the most advanced facilities and airtight security measures.

tayoreru Contact Center

Specialized engineers respond by phone and provide remote support to solve problems related to hardware, software and communication lines.

- Support calls per month approx. **100,000**
- Support staff approx. **500**

Onsite support

When a customer needs onsite support, we dispatch a specialized engineer from the support site nearest the customer.

- Support sites **280** across the country
- Number of engineers approx. **3,000**

Social Contribution

Social Contribution and Environmental Protection Activities

Coexisting and co-prospering in harmony with nature and society, we do what we can do, one step at a time.

Through our business, we address social problems while offering improvements in the communities around our operations. Although the actions we take might seem small on their own, we will continue doing our best with the belief that consistent effort will bring us closer to coexisting and growing in harmony with nature and society.

■ Solid results from our efforts to protect the environment

■ Stronger relationships with local communities and society as a whole, formed by regularly engaging in social contribution activities

■ Environmental Protection Activities

Environmental management system

Under our company-wide principles and policy, we have established mid- to long-term environmental activities in the OTSUKA Eco-Action Plan and continually endeavor to improve the environment.

Certification of our offices

Our 25 major sites are certified under the ISO 14001 international standard for environmental management. We are also taking action at our other locations to improve these environments under guidelines equivalent to ISO 14001.

Environmental consideration at our business sites

We reduced electricity consumption by switching to LED lighting at our head office and each business branch. A system installed at our head office visually presents electricity usage and the information is available on our website. In addition, our LED billboards in Shinjuku, the largest of their kind in Japan, have led to energy savings of about 40% compared to fluorescent lighting.

Otsuka Recycling Centers

We operate recycling centers in Tokyo and Osaka to effectively use resources under the 3R concept of Reduce, Reuse and Recycle, as well as to ensure legal compliance. We have achieved near-zero emissions as a result of sorting used equipment from our operations and trade-in devices collected from customers.

Lake Papyrus 20

Reeds naturally purify water as they grow. In collaboration with other companies we have developed Lake Papyrus 20, of which 20% is old reeds from Lake Biwa and the Yodo River. We use this paper for name cards and envelopes and encourage our customers to use it as well.

Overseas "Tanokun no Mori (TANO-kun Forest)" reforestation

In commemoration of Otsuka Corporation's 50th anniversary in July 2011, we planted 170,000 Tasmanian blue gum trees, to be used as raw material for paper, across 150 hectares in Macapá, Amapá State, Brazil. We plan to expand the reforested area to 500 hectares by 2017.

Oyama Senmaida rice terrace preservation

Terraced rice paddies are increasingly being abandoned because they are hard to manage. We are helping to preserve the Oyama Senmaida rice terrace in Kamogawa, Chiba Prefecture by encouraging employees to become owners of the land and cultivate and harvest rice.

■ Social Contribution Activities

Donation and support program for reuse of PCs

We provide support to the authorized NPO e-Parts through our donations of used PCs that we have refurbished. e-Parts then gives these computers to non-profit organizations nationwide to encourage their use of information technology.

"Gift from TANO-kun"

This program contributes to society through donations of "tanomail" office supply products to non-profit and other organizations. We donate a wide range of products to match each group's specific needs.

"Heartful Fund"

Through this program, employees voluntarily donate 100 yen each month and the company matches these contributions. The fund is used to support disaster victims and organizations conducting activities that serve the public interest.

"Happy Points" donation program

We give "Happy Points" to customers according to the amount of their purchases through the "tanomail" mail order service. Customers can choose to donate their points to the Japanese Red Cross Society or other organizations, and the program allows for them to easily participate in social contribution activities.

Food bank donations

We give food banks food items that are handled by our "tanomail" service and close to their best-before dates.

Voluntary collection activities

Employees, and recently some customers who support the initiative as well, voluntarily collect plastic bottle caps and used stamps for donation to non-profit organizations on an ongoing basis.

Clean-up activities

Our major offices nationwide regularly participate in clean-up initiatives. Employees from our head office, for example, have been cleaning up the area around the building every month in collaboration with neighboring companies and to promote the spirit of community involvement.

Blood donations

As a corporate supporter of the Japanese Red Cross Society, we regularly organize employee blood drives, primarily at the head office.

Otsuka Corporation

<http://www.otsuka-shokai.co.jp/english/>

OTSUKA CORPORATION is fully committed to environmental improvement.
ISO 14001 certification has been acquired by 25 domestic offices.
