CORPORATE PROFILE 2017

Otsuka Corporation

Energize Your
Office with IT

Mission Statement

Mission

OTSUKA CORPORATION serves a wide range of companies, providing comprehensive support for their business activities by presenting, within a concrete framework, new business opportunities and management improvement strategies brought about by innovations in information and telecommunication technology. By so doing, we continue to facilitate the growth of our client companies and contribute to the development of our country and the creation of a spiritually enriching society.

Goals

- To become a corporate group that is recognized and trusted as a valuable corporate citizen.
- To encourage employee growth and self-realization through the attainment of personal goals and professional achievement.
- To demonstrate harmonious coexistence and growth with nature and society.
- To create business models that consistently keep pace with the changing times.

Principles

- Always thinking from the customer's perspective and acting through harmonious team work.
- Maintaining the spirit of challenge inherited from our predecessors, exercising our own critical judgment, and acting on our own initiative.
- Fully complying with all prevailing laws and regulations, and maintaining high ethical standards.

Otsuka Corporation

Energize Your Office with IT

Since its foundation in 1961, OTSUKA CORPORATION has guided companies in their computerization efforts while improving productivity and reducing costs through information technologies. We provide one-stop solutions and one-stop support by combining a diverse array of IT equipment to meet the office requirements of our customers.

The Mission Statement of the OTSUKA CORPORATION Group represents an internal and external declaration of the social role, responsibility and raison d'être that constitute our mission, the goals we aspire to achieve and the principles we adhere to in our daily activities. In accordance with the Mission Statement, we propose optimal integrated systems and comprehensive solutions to energize your office with IT, while always adopting the customer's perspective in response to the trust placed in us. We also seek to be a progressive enterprise that is integral to the creation of a spiritually affluent society by actively embracing harmony with society and nature as a top management priority.

Maintaining close customer relationships and living up to their expectations are the keys for growing with our customers and the context for one of our major corporate goals: constantly transforming the OTSUKA CORPORATION Group in order to earn public recognition and respect as an enterprise based on the principle "The Customer First." This has been our corporate stance from the very beginning and expresses the same spirit of challenge as a proud corporate tradition.

Throughout these commitments and initiatives, we are grateful for the strength, vision and encouragement of our customers.

Yuji Otsuka
President & Chief Executive Officer

History

1961	Start of business in Akihabara and registration as a joint-stock company
1965	Opening of the Osaka Branch (now the Kansai Office)

Offering solutions at the forefront of change that enable customers to boost productivity, reduce costs, contribute to society and protect the environment

Closely monitoring information technology (IT) trends makes it possible for us to consistently identify potential advantages for the business sites of our customers. We actively apply our accumulated expertise to social initiatives that revitalize communities. We also propose and implement solutions and services packaged to fully leverage cutting-edge IT in order to enhance management quality.

System Integration

Work style reform × Power savings to thoroughly improve the workplace environment

Work style reform is intended to shorten working hours and lead to more diverse work styles. It requires concrete solutions that harness the power of IT, and its effectiveness is enhanced when combined with power saving solutions such as lighting controls and LED lighting in the workplace.
Work style reform

• **Simultaneous lights out**
Automatic switching off of all lights at a certain time encourages employees to leave their office early.
• **PC log management**
Log management software is used to monitor the time each employee spends logged onto their computer, an effective means of reducing overtime.

• **Telework**
Web conferencing systems and mobile environments allow for employees to work at any time or place and for confirmation of employee availability.

Power saving solutions

• **LED lighting**
We offer a broad selection of LED lighting products, including straight tubes, base lights, floodlights, and downlights.

• **Lighting control**
Wireless switches are useful for turning off lights in unused areas and facilitate management of efficient electricity use.

• **New electric power supply service**
We analyze electricity use data for the previous year and recommend to each customer an optimal basic charge.

Secure, effective management solutions for complying with the revised Personal Information Protection Law
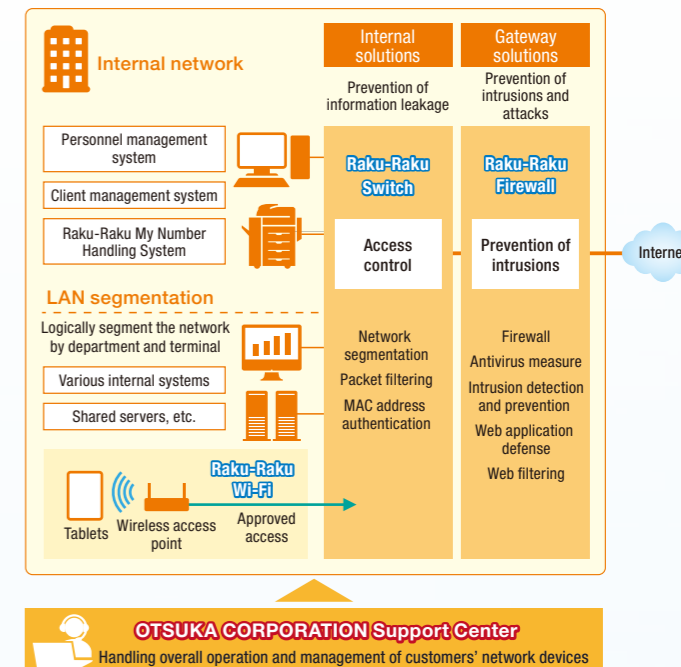

In response to the revised definition of a business operator handling personal information, all companies will be required to introduce security management measures for the organizational, physical, personnel, and technological aspects of their operations. More stringent measures will be required to protect "Specific Personal Information," including My Number data. We offer solutions for each requirement.

Raku-Raku My Number Handling System

The integrated management system administers My Number data, from acquisition, storage, and usage to disposal, and is connected to an MFP to handle the data collection and print secure documents without the need for a PC. Assigning My Number processes to different departments reduces the My Number manager's workload without interfering with the workflows of other administrative staff.

Raku-Raku Network Series

Our network security management service for customers leverages our expertise to reduce their maintenance burden by providing a Raku-Raku Firewall to prevent intrusions and Raku-Raku Switch and Raku-Raku Wi-Fi to offer additional protection for the internal network.

Social Contribution

Efforts for the environment (Our 50th anniversary projects)

お客様とともに 50

We have undertaken a number of projects to commemorate our 50th anniversary in July 2011. As our primary contribution to environmental protection, we planted trees and installed LED streetlights in parks in regions across Japan.

"TANO-kun Forest" overseas reforestation activities

In Amapá State, Brazil, we planted 170,000 Tasmanian blue gum trees over 150 hectares in the Macapá savanna. These trees are used as raw material for paper, and the area has since been expanded to 500 hectares.

By adopting the customer's perspective, we can propose and deliver optimal solutions for diverse office needs.

An office is like a living organism in that it faces new challenges every day. OTSUKA CORPORATION serves a wide diversity of corporate customers engaged in a variety of business areas, from major enterprises to small and medium-sized firms. We provide customized solutions for the divisions of different types of companies and are driven by the desire to quickly share the wealth of experience we have gained from a long and proven track record. With the view that no problem is too small, we are capable of helping nearby divisions or remote offices in countless ways.

Procurement of Direct Materials

The right solution for any customer need lies in our comprehensive System Integration and Service & Support offerings.

Since our founding, we have produced one solution after another to address customer needs by harnessing the full value of current IT, free from the constraints of conventional business domains. We have consistently adopted the customer's perspective to develop these solutions, and our System Integration and Service & Support businesses represent the culmination of these efforts. Moreover, with the ongoing advances in IT and the changing demands of customers, both businesses are constantly evolving. In our hands we hold the solutions that customers seek.

System Integration

We create information systems that enable the customer to enhance productivity and reduce costs through an optimal combination of network infrastructure, servers, PCs, mobile devices, multifunction machines and software developed by different companies.

System Integration

Consulting (analysis of tasks, operations)

Software and Systems (planning, design, development)
- ERP / Industry- and operation-specific software
- CAD / Construction, manufacturing
- Information systems / Groupware, workflow
- Document management, data utilization

Networks (communication, Internet)
- Data transmission / Teleconferencing, wireless LAN, VPN, mobile data transmission
- Communication line service / Voice communication, mobile phones

Security (information leakage, BCP)
- Antivirus, email security, procedural measures
- Contingency planning
- Data backup

Hardware (introduction and installation)
- Multifunction machines, copiers, printers
- PCs, peripherals
- Servers, storage
- LED lightning, BEMS
- Smart devices

Service & Support

We provide services that support businesses in every aspect and situation, including mail order office supply sales, support and trouble-shooting during system construction, operational management and information system analysis.

MULTI-VENDOR

MULTI-FIELD

System Integration

Creating information systems by tackling business challenges at the side of our customers

We support customers by providing comprehensive, one-stop solutions that lead to successful businesses, from constructing IT infrastructure linking information devices, communication equipment and networks to selecting software that corresponds to their business type, scale and operations, as well as designing, developing and constructing the systems.

- ■ **Multi-vendor, multi-field response**
- ■ **Single contact point for multiple solutions**
- ■ **Comprehensive solutions from the customer's perspective**

Consulting

After a solid review of the customer's business, we support each field with reasonable system operations that deliver material results.

- • Consulting on internal controls
- • BEMS (Building Energy Management System)
- • Management support services

Security

We provide airtight protection against invisible threats and create a secure office environment in which customers can do their work safely.

- • Protection against unauthorized access
- • Prevention of information leakage
- • Protection against computer viruses
- • BCP (Business Continuity Plan)
- • Data backup
- • Data erasure

Network

We fully upgrade customer business communications by reviewing network environments, including phones, and provide just the right services to create an integrated IP environment.

- • VPN service
- • IP communication service
- • Mobile solutions

Software and Systems

We draw on our abundant experience to develop and deliver systems and groupware for businesses and operations.

- • ERP
- • Workflow
- • CAD
- • Document management
- • Groupware
- • BI

Hardware

We respond to customer needs with a multi-vendor approach that is not dependent on products offered by any one specific maker, together with a multi-field approach that encompasses the entire spectrum of IT equipment.

- • Servers
- • Network equipment
- • PCs
- • Peripheral equipment
- • Multifunction machines, printers
- • Smart devices

LED Lighting

We offer an extensive range of effective LED lighting options for reducing electricity use in offices, warehouses, factories and shops.

- • Incandescent and halogen lamp type
- • Explosion proof lighting
- • Fluorescent light type
- • Floodlights
- • Mercury lamp type
- • Exterior wall lighting and street lighting

Optimal solutions for every line of business

Manufacturing	Publishing / Printing	Construction
Apparel / Jewelry	Food products	Retailing / Merchandising
Raw materials	Service	Distribution
Public institutions / Industry associations	Local government / Extra-governmental organizations / Schools	Medical, welfare and nursing care institutions

Service & Support

tanomail

たのめーる

"tanomail" reliably meets all of your office needs and offers very quick delivery.

A broad range of products from office supplies and everyday items to nursing care products are available through the "tanomail" mail order service. We provide quick solutions to meet the needs of every customer, both corporate and individual.

- Reduced customer procurement costs
- Fast transport network expedites the "tanomail" service

tanomail
Mail order service for office supplies

This mail order service for corporate customers delivers office goods and services. In addition to stationery, PCs, tools, daily items and office equipment supplies, offerings also include environmentally friendly products and TANOSEE private brand goods.

As of April 2017

Personal tanomail
Mail order service for individual customers

Through this service, customers can use the many products offered by "tanomail" at home or at work. In addition to stationery, office supplies and other miscellaneous goods, we provide for the daily living needs of customers with food products and daily necessities.

MA tanomail
Procurement support service

This service uses the "tanomail" service to facilitate corporate purchasing, including division-by-division order management and approval functions. Purchasing parameters can be set according to the purchasing rule of the company.
Care tanomail
Mail order service for nursing care products

"Care tanomail" provides nursing care products under the concept of "offering backup for everyone involved in nursing." This always reliable service is available for both individual and corporate customers, delivering the same high level of quality inherent in "tanomail."

Logistics

Our system consists of logistics and distribution centers strategically located across the nation and connected by a transportation network. We control inventory levels to maintain optimal volume at all times and thereby minimize contingency risks.

What is "tanomail"?

"tanomail" is a service through which we deliver stationery, daily supplies, PCs and peripheral products in a timely manner to corporate customers as well as stationery, daily supplies and other necessities to individual customers. The several services we offer cater to each customer, and required items are delivered on time.

たのめーる

Product selection	Product shipment
• Corporate-use items: Approx. **155,000** • Personal-use items: Approx. **152,000**	• Same day delivery (for orders received by 11 A.M.) • Next day delivery (for orders received by 6 P.M.) (Excluding some regions and personal-use items)

- • Support sites ·················· **280** across the country
- • Number of engineers ··················· approx. **3,000**

Social Contribution

Social Contribution and Environmental Protection Activities

Coexisting and co-prospering in harmony with nature and society, we do what we can do, one step at a time.

Through our business, we address social problems while offering improvements in the communities around our operations. Although the actions we take might seem small on their own, we will continue doing our best with the belief that consistent effort will bring us closer to coexisting and growing in harmony with nature and society.

■ Solid results from our efforts to protect the environment

■ Stronger relationships with local communities and society as a whole, formed by regularly engaging in social contribution activities

■ Environmental Protection Activities

Environmental management system

Under our company-wide principles and policy, we have established mid- to long-term environmental activities in the OTSUKA Eco-Action Plan and continually endeavor to protect the environment.

Certification of our offices

Our 25 major sites are certified under the ISO 14001 international standard for environmental management. We are also taking action at our other locations to protect these environments under guidelines equivalent to ISO 14001.

Environmental consideration at our business sites

We reduced electricity consumption by switching to LED lighting at our head office and each business branch. A system installed at our head office visually presents electricity usage and the information is available on our website. In addition, our LED billboards in Shinjuku, the largest of their kind in Japan, have led to energy savings of about 40% compared to fluorescent lighting.

Otsuka Recycling Centers

We operate recycling centers in Tokyo and Osaka to effectively use resources under the 3R concept of Reduce, Reuse and Recycle, as well as to ensure legal compliance. We have achieved near-zero emissions as a result of sorting used equipment from our operations and trade-in devices collected from customers.

Lake Papyrus 20

Reeds naturally purify water as they grow. In collaboration with other companies we have developed Lake Papyrus 20, of which 20% is old reeds from Lake Biwa and the Yodo River. We use this paper for name cards and envelopes and encourage our customers to use it as well.

Overseas "Tanokun no Mori (TANO-kun Forest)" reforestation

In commemoration of Otsuka Corporation's 50th anniversary in July 2011, we planted 170,000 Tasmanian blue gum trees, to be used as raw material for paper, across 150 hectares in Macapá, Amapá State, Brazil. The area has since been expanded to 500 hectares.

Oyama Senmaida rice terrace preservation

Terraced rice paddies are increasingly being abandoned because they are hard to manage. We are helping to preserve the Oyama Senmaida rice terrace in Kamogawa, Chiba Prefecture by encouraging employees to become owners of the land and cultivate and harvest rice.

■ Social Contribution Activities

Donation and support program for reuse of PCs

We provide support to the authorized NPO e-Parts through our donations of used PCs that we have refurbished. e-Parts then gives these computers to non-profit organizations nationwide to encourage their use of information technology.

"Gift from TANO-kun"

This program contributes to society through donations of "tanomail" office supply products to non-profit and other organizations. We donate a wide range of products to match each group's specific needs.

"Heartful Fund"

Through this program, employees voluntarily donate 100 yen each month and the company matches these contributions. The fund is used to support disaster victims and organizations conducting activities that serve the public interest.

"Happy Points" donation program

We give "Happy Points" to customers according to the amount of their purchases through the "tanomail" mail order service. Customers can choose to donate their points to the Japanese Red Cross Society or other organizations, and the program allows for them to easily participate in social contribution activities.

Food bank donations

We give food banks food items that are handled by our "tanomail" service and close to their best-before dates.

Voluntary collection activities

Employees, and recently some customers who support the initiative as well, voluntarily collect used stamps and other items for donation to non-profit organizations on an ongoing basis.

Clean-up activities

Our major offices nationwide regularly participate in clean-up initiatives. Employees from our head office, for example, have been cleaning up the area around the building every month in collaboration with neighboring companies and to promote the spirit of community involvement.

Blood donations

As a corporate supporter of the Japanese Red Cross Society, we regularly organize employee blood drives, primarily at the head office.
